My Strengths

Typical Learning Profile for Down syndrome

Research has identified a specific profile of developmental strengths and challenges in children with Down syndrome. The baseline for this profile is developmental age.

Strengths:

- Social understanding, empathy & social skills
- Self-help and daily living skills
- Visual short-term memory
- Visual learning strength
- Reading

Challenges:

- Hearing & Vision
- Speech & Language
- Verbal short-term memory
- Learning from listening is difficult
- Numbers
- Auditory Processing
