539 N. Lake Ave., Pasadena, CA 91101

**What:** All the Club F.U.N. programs use Social Thinking Vocabulary (STV) and Concepts to enhance understanding and promote social competency growth. F.U.N. intensives are a unique opportunity for your child to work 1:1 or 2:1 with a Speech and Language Pathologist. Intensives allow social concepts to be introduced in a slow, concrete manner. Our Club F.U.N. team works very hard on evaluating all students to make sure they are placed in a level that will best meet their unique social needs and growth. Social competency grows through slow and deep learning.
